Early language exposure is the best ways for children to become fully bilingual.

Our Chinese Immersion program is led by native Mandarin Chinese-speaking teachers.

- Children will interacted with Mandarin-speaking teachers naturally on a daily basis, so they can absorb it effortlessly. This curriculum nurtures the interest of the students in the Chinese language. It also stimulates their language skills and increase mandarin fluency which becomes an advantage in their lifelong learning and prepare for their future.
- Children learn language best by experiencing it naturally, by being immersed in it. They will naturally acquire the Chinese language through age-appropriate lessons and activities.
